LEWES OLD GRAMMAR SCHOOL

The School has long been established at the centre of the historic county town of East Sussex and is proud that it can trace its origins back to the educational foundation started by Agnes Morley during the reign of Henry VIII.

The School moved to its current site at the top of Lewes High Street in the early 18th century and over the years has become affectionately known as LOGS.

The academic standing of LOGS is strong and growing but not to the detriment of its traditional friendly and supportive ethos.

We like to think of ourselves as not only an exceptionally happy school – but also a busy and purposeful community.

Bede's Prep School has a reputation for offering innovation in the classroom, expansive opportunities outside of it and outstanding care in every aspect of school life – both in the boarding house and for our many day pupils.

Ours is a holistic educational philosophy, meaning that we develop every aspect of a young person. We believe in providing children with rich learning opportunities that stimulate and broaden their knowledge, skills and understanding, engaging them in practical experiences which bring learning to life.

More than anything however, pupils feel empowered at Bede's.

This is because we are a school which enriches young people in the round so that they may lead full, worthwhile lives as confident, balanced members of their communities.
